Motion to approve last month's minutes: Ken Keyser; seconded by Mauricio Aranda.

Arts Funding – Dustin Merritt: Welby received \$6000 to be used in all aspects of the arts. Nothing is earmarked yet (money just came in last week). More discussion to come.

Safe School Plan – Jennifer Yoo: Annual safe school plan review for volume one is up; in March, we review physical environment, safety, and social/emotional well-being. We average only 1-2 incidences of physical altercations per year (very minor). Goals that were set were discussed. Discussion of how monitoring of students who are being bullied is accomplished. Discussion of traffic control problems, and if we can have an officer videotape offenders. Comment was made that the new lights installed in the school are very effective at night.

AB 1802 – Dustin Merritt: One-time block grant from the state (approx \$50 dollars per child-approx. \$30,000). Cannot pay for staff with this money. Library and technology upgrades (particularly increasing DVD capability in classrooms) are stipulated by the state as priorities for this funding. New library books have not been purchased for the past 3 years. Further budget discussion will take place at our next meeting.

Old Business – Dustin Merritt: Parking lot should be completed in the next week or so; the dirt pile will be there for about another month.

Next Meeting: Tuesday, March 27, 2007.
